

Esther's Place of Grace

A Note from the Executive Director

Dear Donors and Supporters:

It is with a grateful heart that I share the blessings God has bestowed on Esther's Place of Grace. In July 2022, we moved into a bi-level home provided by a generous donor. In September and December 2022, there were 2 baby boys born. Another boy and a baby girl were born in July & August 2023. A part-time house manager who works directly with residents was hired in June 2022. The newly-established Partners in Grace program provided over half of our needed monthly support. God is supplying immeasurably more than we can ask or think by His power at work in us!

Thank you for a great year! Mary Dow

134

Inquiries for women and children in need of assistance (since inception)
